AVERTISSEMENTS

TOUTE MODIFICATION DE CET APPAREIL, SANS AUTORISATION, EST INTERDITE

Notre politique est l'amélioration constante du produit. Nous nous réservons le droit de modifier les caractéristiques de l'équipement sans préavis. Veuillez-vous référer au site web www.arcluce.it pour cela et d'autres documents techniques continuellement mis à jour. Toutes les informations sont présentées de bonne foi, aucune responsabilité ne peut nous être imputée pour des erreurs, des omissions ou des interprétations incorrectes. Les photographies et les dessins sont dans les limites de la qualité de la reproduction imprimée, ils ne sont pas contraignants et à titre indicatif seulement.

Directive 2002/96/CE (Déchets d'Equipements Electriques et Electroniques - DEEE). L'étiquette de la poubelle à roulettes barrée indique que ce produit ne doit pas être éliminé comme les déchets urbains mais par une collecte séparée; ceci afin d'éviter des conséquences négatives potentielles sur l'environnement et la santé humaine.

Pour plus de détails sur les installations de collecte disponibles, veuillez contacter votre administration locale ou le revendeur auprès duquel ce produit a été acheté.

La sécurité et le bon fonctionnement du luminaire sont garantis uniquement en respectant les normes électriques et les présentes instructions de montage; donc il est nécessaire de les garder. L'installation doit être effectuée par une personne qualifiée appropriée.

La source lumineuse de cet appareil n'est pas remplaçable; quand la source lumineuse atteinte la fin de vie l'appareil entier doit être remplacé.

. N'utilisez que des pièces de rechange ARCLUCE.

(1) Avant toute intervention sur l'appareil éteindre l'alimentation. (2) Groupe à risque 1 (IEC/TR62778). Le luminaire doit être placé de manière à ne pas provoquer de regards prolongés dans le luminaire à une distance inférieure à 2 m.

INSTALLATION:

1. Installez les étagères sur la surface de support en respectant l'espacement correct, utiliser des vis et des ancrages appropriés (pas fournis).

2. Câblez le luminaire selon le schéma. (Possibilité de connexion en cascade. On peut relier un nombre maximum d'appareils, selon leurs puissances, jusqu'à 1500W).

AVVERTENZE

SONO VIETATE MODIFICHE ALL'APPARECCHIO SENZA AUTORIZZAZIONE

Perseguiamo una politica di costante miglioramento del prodotto. Ci riserviamo il diritto di modificare le caratteristiche dell'apparecchiatura senza preavviso. Si prega di fare riferimento al sito www.arcluce.it per questo e altri documenti tecnici che vengono continuamente aggiornati. Tutte le informazioni sono presentate in buona fede. Nessuna responsabilità ci può essere attribuita per errori, omissioni o interpretazioni errate. Le fotografie e i disegni sono nei limiti della qualità della riproduzione stampata, non sono vincolanti e solo per informazione.

Direttiva 2002/96/CE (Rifiuti di Apparecchiature Elettriche ed Elettroniche - RAEE). Il pittogramma del bidone con ruote barrato indica che questo prodotto non deve essere smaltito come normale rifiuto urbano ma attraverso raccolta separata; questo per evitare potenziali conseguenze negative per l'ambiente e la salute umana. Per i dettagli sulle strutture di raccolta disponibili, contattare l'ufficio governativo locale o il rivenditore presso il quale è stato acquistato il prodotto.

La sicurezza e il corretto funzionamento dell'apparecchio sono garantiti solo rispettando le normative elettriche e queste istruzioni pertanto è necessario conservarle.

L'installazione deve essere eseguita da personale qualificato fare sempre riferimento ai dati elettrici presenti sull'etichetta dell'apparecchio.

La sorgente luminosa di questo apparecchio non è sostituibile; quando la sorgente luminosa raggiunge il fine vita deve essere sostituito l'interno apparecchio.

Utilizzare solamente pezzi di ricambio originali ARCLUCE.

(1) Prima di qualsiasi intervento sul dispositivo, spegnere l'alimentazione. (2) Gruppo di rischio 1 (IEC/TR62778). L'apparecchio deve essere posizionato in modo da non causare sguardi prolungati nell'apparecchio a una distanza inferiore a 2m.

INSTALLAZIONE

1. Installare le staffe sulla superficie di supporto rispettando la distanza corretta, utilizzare viti e tasselli appropriati (non forniti).

2. Collegare l'apparecchio secondo lo schema. (Possibilità di collegamento in cascata. Si possono collegare un numero massimo di apparecchi, secondo le singole potenze, sino a 1500W).
